

Change Notice No.	Notification date	Implementation date
CN/A/23/001	February 10, 2023	March 10, 2023

**Subject: Change in trade name of mdi Platinum Cured Silicone tubing from AseptiCone to AseptiFlo used in mdi Single Use Assemblies.**

**Scope: This change notification will affect the Single Use Assemblies drawings with mdi Platinum Cured Silicone tubing (Part number : TSXXXXXXXXAXXX).**

**Background:**

In order to rationalize the trade name for platinum cured silicone tubing, it has been decided to change the trade name of mdi Platinum Cured Silicone (PCS) tubing AseptiCone to AseptiFlo. The same will be reflected in product related documentation.

**Need for Change:**

The change shall be done for rationalization of trade name.

**How Does It Affect the User:**

From a user point of view it is only a 'Trade name change' and in no way will affect the properties, performance characteristics and traceability of the product under actual conditions of use. The change does not affect the quality of the product. All performance specifications, product attributes, material of construction, and traceability shall remain the same.

**Effective Date:**

mdi Platinum Cured Silicone tubing trade name change shall be implemented from March 10, 2023.
