

Change Notice No.	Notification date	Implementation date
CN/D/24/003	November 26, 2024	December 26, 2024

Subject : Improvement in aluminium pouch packaging for mdi diagnostic products.

Scope : This change notification will affect the products with following catalog numbers:

- PTXXXXXXXXXXXXX
- BFXXXXXXXXXXXXXX
- MCLXXXXXXXXXXXXX
- MCNXXXXXXXXXXXXX
- MPXXXXXXXXXXXXX
- LXXXXXXXXXXXXX

Background:

In keeping with our continuous efforts to improve our products, changes have been made in the primary packaging of mdi diagnostic products with catalog numbers as mentioned above in scope. This advance change notification is initiated to communicate this updated information to the end user.

The change will have no impact on product performance or regulatory performance.

Need for Change:

This change is related to the primary packaging of mdi diagnostic products with catalog numbers mentioned above. In order to make aesthetics better, it has been decided to improve the existing aluminium pouch and replace it with one which is sturdy and shiny in appearance and of better quality for primary packaging of all mdi diagnostic products with catalog numbers mentioned above.

No change has been made in any materials of production, performance parameters or any critical dimensions. Only quality of aluminium packaging is improved.

How Does It Affect the User:

From practical point of view, this change will only affect the packaging of all types of mdi diagnostic products with catalog numbers mentioned above in scope. All performance specifications, product attributes, materials of production remain unchanged.

Implementation of Change:

mdi Diagnostic products with catalog number as mentioned in scope, packed after implementation date will have the said changes. However, you will receive the material in old packaging until stocks last.
