**Background:**

Packaging boxes of mdi Inline Filters and Vacufil with catalog numbers as mentioned above have been redesigned and improved for better strength and aesthetics.

**Need for Change:**

During review of packaging of the Inline Filters and Vacufil with catalog numbers as mentioned above, the need to strengthen the packaging boxes as well as to redefine the dimensions of the packaging boxes was observed. The existing packaging boxes of Inline Filters and Vacufil may get damaged during extreme conditions of transportation and handling. To address this observation, the packaging boxes of mdi Inline Filters and Vacufil have been improved by providing more strength to the packaging boxes and re-defining the dimensions of packaging boxes. Further, the aesthetics have been improved with inclusion of handling signs and mdi logo. No change has been done in product attributes and product specifications.
