CN/F/22/008	October 15, 2022	November 15, 2022

**Subject : Change in Lot numbering system of mdj Membrane Disc Filters**

**Scope : This change will affect the products with following catalog numbers: (# can be any alphabet or numeral):**

- EHCN#####1##

**Background:**

In keeping with our continuous efforts to provide the user products with improved identification and traceability, certain changes have been made in the lot numbering system of mdj Membrane Disc Filters with catalog numbers as mentioned above.

The change will have no impact whatsoever on the product performance, traceability or it's regulatory compliance.

**Need for Change:**

Lot number of mdj Membrane Disc Filters with catalog number as mentioned above include product code, traceability of membrane, manufacturing month code and production sheet number. But, the details of manufacturing year is not captured in the lot number. However, the same is mentioned separately on Certificate of Quality (CoQ).

Thus, the lot numbering system of mdj Membrane Disc Filters with catalog numbers as mentioned above has been changed to incorporate the manufacturing year.

No change has been done in any materials of construction or any performance parameters or any critical dimensions or traceability.

**How Does It Affect the User:**

From a practical point of view, this change only affects the lot numbering system of mdj Membrane Disc Filters with catalog numbers as mentioned above. All performance specifications, product attributes, materials of construction, product packaging and traceability remain unchanged.
