CN/F/23/001	April 25, 2023	May 02, 2023

**Subject : Updation of drainage/support layers of mdj Capsule Filter Type BioPro KSO-Y**

**Scope : This change will affect the products with following catalog numbers: (# can be any alphabet or numeral):**

- DBKO#####3##
- LBKO#####3##

**Background:**

This advance change notification is initiated to provide the user updated information regarding the products they are using. The details of drainage/support layers used in **mdj** Polyethersulfone (PES) Membrane Capsule Filters type BioPro KSO-Y having catalog numbers as mentioned in the scope have been changed/updated in Certificate of Quality (CoQ) and product data sheet.

**Need for Change:**

**mdj** PES Membrane Capsule Filters type BioPro KSO-Y (having catalog numbers as mentioned in the scope) are manufactured using 'Polypropylene' drainage/support layers and the same is reflecting in respective product manufacturing documents and the product validation guide.

However, a typographical error was identified in Certificate of Quality (CoQ) and product data sheet for **mdj** PES Membrane Capsule Filters type BioPro KSO-Y. The details of drainage/support layers are wrongly mentioned as 'Polyethylene' in these documents.

Hence, to correct this error, the Certificate of Quality (CoQ) and product data sheet shall be updated/corrected.

No change has been done in actual materials of construction or performance parameters or manufacturing process or critical dimensions or traceability.

**How Does It Affect the User:**

From a practical point of view this change specifically corrects the typographical error related to the details of drainage/support layers mentioned in Certificate of Quality (CoQ) and product data sheet. All product specifications including actual materials of construction as well as performance specifications shall remain unchanged. The accompanying Certificate of Quality and product data sheet will reflect the said change.
