**Subject : Change in 500 mL glass bottle and 33 mm rubber bung**

**Scope : This change will affect the glass bottle and rubber bung with following catalog numbers..**

- GB500XXXXXXXXX02
- RB33XXXXXXXXX04

**Background :**

In our efforts to improve the product, a change has been initiated for fitment aspect of 500 mL glass bottle and 33 mm rubber bung having catalog numbers as mentioned in the scope. The design of glass bottle and rubber bung shall be improved for smooth fitment. This change notification is initiated to provide the advance notice to the user.

In order to maintain the better traceability, the catalog/part numbers of the glass bottle and rubber bung shall also be changed and existing catalog/part numbers shall be discontinued.

The change will have no impact whatsoever on the product performance or it's regulatory compliance.

**Need for Change:**

**mdi** is supplying 500 mL glass bottle and 33 mm rubber bung (having catalog number as mentioned in the scope) for different applications in different industries. It was sometimes observed that the fitment of rubber bung with glass bottle is not proper. To correct the random fitment issues, the design of glass bottle and rubber bung shall be improved for smooth fitment through increase in the neck size of glass bottle and size of rubber bung. The graduation marking on bottle shall also be changed to single marking of typical capacity/volume instead of the existing multiple markings. No changes have been made to the materials of construction or performance parameters or traceability.

**How Does It Affect the User:**

From a user point of view, the changes will improve the quality of 500 mL glass bottle and 33 mm rubber bung with respect to fitment and no way will affect the performance characteristic of the product under actual conditions of use. All performance specifications (except minor changes in dimensions/design), product attributes and material of construction shall remain the same.

Change Notice No.	Notification date	Implementation date
CN/H/24/001	May 01, 2024	August 01, 2024

**Implementation of Change:**

**mdi** glass bottle and 33 mm rubber bung with catalog numbers as mentioned in the scope will be discontinued after the implementation of said changes. The new catalog numbers as described below will be introduced for better traceability of the changes in design.

Product description	Existing catalog/part number	Proposed catalog/part number for improved product
500 mL glass bottle	GB500XXXXXXXXX02	GB500XLNXXXXX02
33 mm rubber bung	RB33XXXXXXXXX04	RB32XLNXXXXX04

The available stock of **mdi** 500 mL glass bottle and 33 mm rubber bung with catalog number as mentioned in the scope and having old design/dimensions will be supplied til the stocks last. Subsequently, the existing part number will no longer be available.
